CODE OF CONDUCT

Sport - in all its forms - is an important element in the Howick High School equation for success. It teaches our learners commitment, perseverance, time management and team work. It proves that effort comes before success. It builds a fit body, a reliable character and demands strong self-discipline. It reflects the school's values of tenacity, loyalty and integrity and fosters spirit and camaraderie amongst peers, forging bonds that will stand the test of time.

We ask parents and spectators at all sports events to please remember the following:

- Children play sport for their enjoyment, not yours. Encourage young people to play; do not force them.
- Acknowledge good individual and team performances of all youngsters, irrespective of which team they play for or whether they won or lost.
- Provide positive feedback, both in training and during games.
- Respect match officials' decisions.
- Never verbally abuse players, match officials, coaches or fellow spectators. If you want to shout, make sure it is FOR and not AT the players.
- Always support the school in their efforts to eradicate loud, coarse and abusive behaviour from sport.
- Be familiar with the coaching methods and training programme to ensure your child is fully involved.
- Where appropriate, assist coaches with the supervision of young players, particularly where numbers are large and there is a need to transport youngsters to away games.
- Be involved with school activities and share your expertise.
- Share concerns, if you have them, with the school officials.
